

AI DREAM TEAM

ENTERPRISE EDITION
PROPOSAL

NIM

INTRODUCTION

In today's rapidly evolving business landscape, artificial intelligence has transformed from a competitive advantage to a fundamental necessity for every team.

The AI Dream Team Enterprise Edition builds upon our proven methodology that has helped small businesses create personalized team roles to increase productivity while reducing overwhelm and burnout.

THE ENTERPRISE EDITION ENABLES YOUR COMPANY TO:

Empower employees to be AI-fluent with personalized AI assistants that function as dedicated team members supporting their role

Increase productivity 2-3x across departments while reducing burnout

Scale your revenue and impact with more ease and without having to hire more people

Future-proof and position your company at the forefront of the AI revolution

The most successful companies of the next decade will be those that effectively balance technological advancement with human potential. The AI Dream Team Enterprise Edition provides the framework, tools, and implementation support to ensure your company is among them.

DETAILED PROGRAM COMPONENTS

AI Dream Team is a **self-paced, interactive learning experience** that provides teams with everything they need to integrate AI effectively into their workflows. Employees will receive **instant access** to a structured learning environment with **video-based trainings, team-building guidebooks, and additional tools and resources.**

THE VIDEO TRAININGS INCLUDE:

Introduction to AI Dream Team —

The most successful companies of the next decade will be those that effectively balance technological advancement with human potential. The AI Dream Team Enterprise Edition provides the framework, tools, and implementation support to ensure your company is among them.

Creating a Partnership With AI —

In this training, you'll discover how to establish a solid partnership with AI to unleash its full potential.

Mastering the Art of Prompting —

The quality of your input directly influences the quality of your output. Dive into our 3 C's Prompting Framework to learn the art of crafting effective instructions and unlock AI's full capabilities.

Ethical Considerations —

The impact of our actions reverberates deeply. In this training, we'll delve into responsible AI implementation, ensuring our endeavors are grounded in ethics and positivity.

THE AI DREAM TEAM ROLES

We provide guidebooks for the following specialized roles, although you can use our trainings to create custom GPTs that meet your exact need and there are infinite possibilities:

The CEO

Partner with a seasoned business guru to navigate an inspired direction, analyze data, and chart a course for future success

The Marketing Strategist

Create tailored strategies and fine-tune content for maximum ROI without the cookie-cutter approach

The Social Media Expert

Build vibrant communities and boost brand awareness while staying ahead of algorithm updates

The Content Creator

Develop captivating text, stunning visuals, and engaging videos that keep audiences hooked

The Project Manager

Streamline workflows, optimize processes, and ensure project success while maintaining focus on the big picture

Significant reduction in stress and burnout indicators

STUDENT TESTIMONIALS

Kristina Sullivan, MBA, MSW Jan 1, 2024

I was struggling with spending too much time on content creation for Instagram before AI Dream Team, and AI Dream Team helped me create content pillars and templates that streamlined the process. My Dream Team also helped me gain clarity on my new business vision and how to move forward in a strategic way. I was very overwhelmed and scattered beforehand and my Dream Team really helped sort my thoughts out.

Jennie Webb Jan 24, 2024
High Potential, Global Thoughtleader, Leadership Mentor

I have primarily focused on content creation in my work in AI Dream Team and since joining, I would estimate that I have quadrupled my output of social media content while also maintaining the quality that I require of my posts. AI dream team has helped me to launch and market both a free gift and a new offer this month in ¼ of the time this would typically take me. I estimate that just in this past month, has saved me 25 hours of work. I have also begun AI Dream Team roles for the CEO, Marketing Director, Personal Trainer, Financial Planner and Executive Assistant. I am excited about all of the possibilities.

STUDENT TESTIMONIALS

Katie Kinsella | Co-Founder & CEO
Kinsella Consulting & Coaching LLC

Since implementing the 3 C's Prompt Framework, I estimate I've saved about 80% of the time I used to spend creating content. I've created these AI Dream Team roles: **Content Creator** and **CEO**, and they've transformed the way I work. The Content Creator role, guided by the 3 C's, is simple and structured, ensuring my prompts are clear and effective. It has drastically improved efficiency, requiring much less time for editing while allowing me to hear my authentic voice in the content.

Experimenting with the CEO role has been a game-changer as well, sparking fresh ideas and expanding my creativity and business vision.

I would recommend this program to anyone who wants to experience the transformative power of having a genius advisor and helper for virtually any area of your life. If you're ready to say goodbye to feeling like you have to tackle every challenge alone and hello to a world where you have a co-creator and assistant all rolled into one, then this program is for you!

With AI Dream Team, you'll learn how to leverage AI in a way that feels aligned, easeful, and totally empowering. Whether you need a creative spark, strategic guidance, or support with day-to-day tasks, you'll have a versatile helper ready to jump in at a moment's notice. The best part? You're always in the driver's seat, deciding how much or how little support you want for each project.

LET'S GET STARTED

The AI Dream Team Enterprise Edition represents a transformative opportunity to position your company at the forefront of the AI revolution. By empowering every employee with their own AI support system, you will exponentially increase productivity and as a result, scale your business with ease and make a bigger impact in the world.

We look forward to partnering with you on this exciting journey toward a more productive, creative, and fulfilling future of work.
